

# 44<sup>th</sup> Annual Michigan Catalysis Society Symposium

Tuesday, May 16<sup>th</sup>, 2023

University of Michigan.  
Michigan League Ballroom (911 N University  
Ave, Ann Arbor, MI 48104)

---

## Call for Papers 44<sup>th</sup> Annual Symposium of the Michigan Catalysis Society

**Date:** Tuesday, May 16<sup>th</sup>, 2023  
**Place:** University of Michigan. Michigan League Ballroom (911 N University Ave, Ann Arbor, MI 48104)

The Michigan Chapter of the North American Catalysis Society invites your contribution for the 44<sup>th</sup> Annual Symposium. The contributions should be on either fundamental or applied homogeneous or heterogeneous catalysis. This all-day symposium will feature a plenary lecture by the winner of the 2023 Michigan Catalysis Society Giuseppe Parravano Memorial Award for Excellence in Catalysis Research and Development (to be announced shortly), and an invited lecture by Prof. Suljo Linic, Martin Lewis Perl Collegiate Professor, Department of Chemical Engineering, University of Michigan Ann Arbor.

In addition to these presentations, there will be a number of contributed papers in both oral and poster formats. We anticipate that the oral presentations will be 20 minutes including time for questions, and the poster presentations will be given at the end of the symposium.

Student participation and paper submission are strongly encouraged. The outstanding student oral and poster presentations, as determined by a panel of judges, will receive awards of \$350 and \$250 respectively following the meeting.

A one-page abstract, in printable form should be submitted via E-mail as a Microsoft Word<sup>®</sup> document by **5:00 PM, Friday, April 21<sup>st</sup>, 2023** to [michigancatalysissociety@gmail.com](mailto:michigancatalysissociety@gmail.com). An example of the format to be used for the abstract is attached. If multiple papers are submitted from any single group, please rank them in the order of your preference. The final program and registration materials will be emailed to you.

We encourage our MCS colleagues to copy and circulate this call for papers.

---

**President:**  
**Bryan Goldsmith**  
Assistant Professor  
University of Michigan Ann Arbor  
2800 Plymouth Road

## INSTRUCTIONS FOR PREPARING ABSTRACTS FOR THE ANNUAL SPRING SYMPOSIUM OF THE MICHIGAN CATALYSIS SOCIETY

Simon Bare, George Graham<sup>a</sup>, and Alan Brenner [underline presenting authors name]

<sup>a</sup>Catalysis Laboratory, Wayne State University  
2012 Chemistry Building, Detroit, MI 48000

Acceptance of papers for oral presentations and posters will be based exclusively on the evaluation of a one-page abstract that must be submitted in this format. Please submit the abstract via E-mail as a Microsoft Word<sup>®</sup> document to [michigancatalysissociety@gmail.com](mailto:michigancatalysissociety@gmail.com) by **5:00 PM, Friday, April 21<sup>st</sup>, 2023** to . In your email, please include a phone number and e-mail address where you can be reached. As in previous symposia, these abstracts will be bound into a booklet that will be distributed at the meeting. Abstract should be detailed with specific statements of results and preferably contain a few references.

Guidelines for the preparation of abstracts:

1. One page only (250 - 300 words).
2. Type on 8.5" x 11" white paper.
3. Use Times New Roman font, size 12.
4. Single space (6 lines/inch) within paragraphs (justified), and double space between paragraphs.
5. 1" margin on left, right, top, and bottom.
6. Cut figures into body of abstract. (High-resolution image is recommended)
7. Right hand margin justification is optional.
8. Underline name of speaker.
9. Up to 1 Figure or Schematic is allowed.

References should follow the style used in the Journal of Catalysis and be listed at the bottom of the page.

### REFERENCES

1. G. B. McVicker, G. M. Krammer, and J. Ziemiak, J. Catal. 83 (1997) 286.
